Welcome

NJAC Event Bars are the first choice for mobile bars in Wiltshire, Hampshire and Dorset for a number of reasons. The most prominent being our free bar hire package. But with **NJAC** a lower price doesn't mean lower quality, in fact, it means the opposite!

The taste and appearance of our drinks is at the forefront of everything we do, from our award winning cocktails to our beers, wines and spirits. Our wide range of spirits behind our bar makes for a fantastic talking point and allows your guests to try something new. Our 'house' spirits are of the highest calibre and therefore our 'top shelf' is spectacular! We have kept up with the Gin craze and are well

prepared for the next, whether it be Vodka, Rum, Tequila or Whiskey!

We welcome a challenge, so if you'd like us to design you a personalised menu, including all of your favourites we'd be happy to do so.

We're proud to offer a truly bespoke mobile bar service and therefore it isn't easy to provide definitive prices without getting to know you and your requirements. So take a look through our various options here, then get in touch. We would be delighted to design a quotation for you, whether it be a simple or elaborate bar, Cocktail Masterclass, Personal Mixologist or Cocktail Guest Speaker.

Weddings

For some, the bar is the first thing on the list, for others it is the last. But for everyone, it is the first thing your guests will look for on your wedding day. A good bar brings people together and encourages conversations while sipping delicious, memory making drinks.

As an event bar company, with a wealth of experience in the wedding industry, we understand that every bar service and design needs to be as unique as the bride and groom. Some weddings and venues will require an empathetic and subtle approach, others demand an energetic, Tom Cruise-inspired service and we are delighted to deliver professionalism

and perfection every time just as you desire.

We have a variety of packages to allow for the level of luxury that you'd like to offer your guests, we also have a choice of menus depending on the selection of brands that you would like. At **NJAC Event Bars**, we love to get creative and design menus for our clients, so please do make your requests early and we will try our best to oblige.

Don't forget that we can offer so much more than just bars; we'd be delighted to provide and serve your welcome drinks, toast drinks and table wine if required.

“Thanks for making our wedding so awesome, people are still talking about the quality drinks you guys made! Your drinks actually formed part of the interior design for our Tipi!”

Liam Garrigan, Wedding Client, Dorset

Corporate events

Prior to founding **NJAC Event Bars**, Josh Pugh worked in the corporate world and has a great understanding of what clients are looking for.

We have built a fantastic network of suppliers, to ensure that everything is possible and there is minimal input required from our clients.

Our bartenders and waiting staff understand the requirement to be flexible in approach; therefore, we can offer any style of service that is required. Every aspect can be personalised, including our bar fronts, menus and equipment.

We love to get creative, so if you'd like a drink created for your special event or brand then we'd rise to the challenge and impress your guests and make your event truly memorable.

Private hire

For more intimate events such as a dining experience or birthday party, a bar can be the real difference between 'yet another party' and your unique evening. By using **NJAC**, you remove the majority of the hosting responsibility from yourself and will be to relax and enjoy time with those who mean the most to you.

Menus

We can create as bespoke a menu as desired. Be it a vegan menu, your engagement drink, holiday cocktail, a smell which conjures up a memory - we can create a drink to remember.

If cocktails aren't your thing do not fear as we have traditional bar menus also including beers, spirits and wines of your choosing.

We can supply a sample of menus on request, plus we offer a design service to match in with any theme for your event.

As extra proof of quality in 2015 and 2016 **NJAC** creator Josh won 'Young Entrepreneur of the Year Award' for his **NJAC** business/service.

Cocktail masterclasses

Wish you possessed the smooth moves of Tom Cruise? Then dream no more! We can show you the ropes and how to mix those spirits to wow friends and family!

Packages

We know every body and each event is different so if one of our more popular package options shown here aren't for you then get in touch and we can create a bespoke one just for you.

For prices please get in touch, no added extras or unwanted items, just what you need and how you want it.

Cash and Card Bar

We will assemble our bar, fully stocked and staffed with bartenders appropriate for your menu and number of guests. Our drinks will be available to buy with cash or card. This option allows you to enjoy the luxury of having a bar at your event, in a very budget-friendly fashion!

Loaded Bar

Fully assembled bar, fully stocked and staffed with bartenders appropriate for your menu and number of guests. Before guests pay for their own drinks, they will enjoy a limited number of drinks, paid for by the host. This can either be by having a tab behind the bar or by purchasing drinks tokens to spread among the guests. The tokens can be a really clever wedding favour!

Unlimited Bar

Set up as above but this time the guests will enjoy the luxury of our delicious drinks without paying a penny. We will run a tab throughout the event, then send you an invoice after the event. This is the ultimate bar choice and a great way of creating the perfect atmosphere!

Bespoke Bar

Sometimes 'off the shelf' just won't cut it. One size does not fit all and we won't try to convince you otherwise. From the number of staff members, menu choices, bar designs and types to the cocktail garnishes; we can customise it all, making it perfect, just for you.
